Summary

QA Engineer with 1+ years of experience in Agile/Scrum environments, specializing in test process optimization and effective defect reporting. Proven ability to deliver high-quality software through detailed test case execution and collaboration with cross-functional teams. Proficient in Playwright, Cypress, Cucumber, and JIRA.

Education

Dayananda Sagar, B.Tech in Electronics and Communication

- GPA: 6.68/10

Experience

QA Engineer (Contractor at Oracle) | ACL Digital – India, KA

- Developed test plans, test cases, and scripts for Oracle Fusion Cloud modules (HCM, ERP).
- Executed functional and regression testing for Fusion Cloud applications.
- Logged and tracked defects using JIRA.
- Participated in Agile ceremonies: sprint planning, daily stand-ups, retrospectives.
- Reduced production defects by 30% through robust testing strategies.
- Configured and deployed Oracle Guided Learning (OGL) across Fusion modules.
- Integrated OGL with Oracle Financials Cloud to simplify complex tasks like budget forecasting.

Projects

Oracle Guided Learning Validation

- Validated Oracle Guided Learning flows to ensure smooth onboarding and module navigation.
- Tools Used: Oracle Guided Learning (OGL), JIRA, Confluence.

AutoWebQA: Cross-Browser UI Test Framework

- Designed and implemented **WebGuardian** – a scalable end-to-end UI automation framework using Playwright and TypeScript.
- Automated core user flows across Chromium, Firefox, and WebKit using POM architecture.
- Integrated GitHub Actions for CI/CD with screenshot capture and parallel execution.
- Built a robust regression suite supporting Agile sprints with failure diagnostics.

Technologies

Languages: Python, SQL, JavaScript, HTML, CSS, TypeScript

Skills: Agile Methodology, Test Case Creation, Confluence, Scrum, Oracle Fusion Cloud HCM

Development Tools: Git, VS Code, Oracle Guided Learning (OGL)

Certification

- Oracle SQL Certified (HackerRank, Mar 2023)
- Cognizant Agile Methodology (Forge, Mar 2024)
- OGL Project Management Badge (Oracle, May 2024)
- Oracle Cloud Overview (Oracle, April 2025)
